MAIN PROPERTIES

- **IP Sintiax Exclusive C2 SAE 5W / 30** allows, thanks to its fluidity, significant fuel savings as well as a perfect cold start even at very low temperatures.
- **IP Sintiax Exclusive C2 SAE 5W / 30** is capable of providing the maximum level permitted by current specifications thanks to its combination of additives that give excellent detergent and dispersant properties, high anti-wear properties and guarantees, for diesel engines, the maximum protection of the particulate filter (DPF)
- The exceptional characteristics antioxidants, which appear to counteract the decay during operation at high temperature, the high stability of viscosity even after long use and the low volatility allow to limit the consumption of the lubricant and to achieve good reliability with the longest intervals oil change indicated by the manufacturers.
